Cognition 57 (1995) 327–328

COGNITION

Contents of Volume 57

Number 1

R.J.R. BLAIR *(MCR Cognitive Development Unit, London)*
A cognitive developmental approach to morality: investigating the psychopath, 1–29

DAN SPERBER, FRANCESCO CARA *(Ecole Polytechnique)* and VITTORIO GIROTTO *(Université de Provence)*
Relevance theory explains the selection task, 31–95

MIKE OAKSFORD *(University of Warwick)* and NICK CHATER *(University of Oxford)*
Information gain explains relevance which explains the selection task, 97–108

Number 2

P.C. FLETCHER *(Institute of Neurology, London and Royal Free Hospital Medical School, London)*, F. HAPPÉ *(MRC Cognitive Development Unit, London)*, U. FRITH *(MRC Cognitive Development Unit, London and University College London)*, S.C. BAKER *(Institute of Neurology, London)*, R.J. DOLAN *(Institute of Neurology, London and Royal Free Hospital Medical School, London)*, R.S.J. FRACKOWIAK *(Institute of Neurology, London)* and C.D. FRITH *(Institute of Neurology, London and University College London)*
Other minds in the brain: a functional imaging study of "theory of mind" in story comprehension, 109–128

HANS KAMP *(Universität Stuttgart)* and BARBARA PARTEE *(University of Massachusetts at Amherst)*
Prototype theory and compositionality, 129–191

WILLIAM BADECKER *(Johns Hopkins University)*, MICHELE MIOZZO *(Harvard University)* and RAFFAELLA ZANUTTINI *(Georgetown University)*
The two-stage model of lexical retrieval: evidence from a case of anomia with selective preservation of grammatical gender, 193–216

Number 3

JAMES M. BEALE and FRANK C. KEIL *(Cornell University)*
Categorical effects in the perception of faces, 217–239

JOSEF PERNER *(Universität Salzburg)*
The many faces of belief: reflections on Fodor's and the child's theory of mind, 241–269

JIAJIE ZHANG *(The Ohio State University)* and DONALD A. NORMAN *(Apple Computer, Inc., California)*
A representational analysis of numeration systems, 271–295

REBECCA SALTMARSH *(University College of Swansea)*, PETER MITCHELL and ELIZABETH ROBINSON *(University of Birmingham)*
Realism and children's early grasp of mental representation: belief-based judgements in the state change task, 297–325
